Wengé Cocoa

extra tasty - extra long

Cocoa - The food of gods.

Because chocolate makes you happy

„And not only happy, it also increases life expectancy. The regular consumption of cocoa can lower the risk of a heart attack by 50 percent and helps to reduce blood pressure. These chocolate health benefits can be gained by eating just three pieces of dark chocolate per day!

The word cocoa is derived from the indigenous American language Mixe-Zoque and entered the English language from Spanish via the languages of the Mayans and Aztecs.

The cocoa plant is said to have originated in South America and the history of its use as a domestic crop started in Central America. Archaeologists have dated ancient pottery containing traces of theobromine, an ingredient naturally present in cocoa, to 1100 BC.

Cocoa or cacao refers to the seeds of the cocoa tree (cocoa beans) and the dry powder made by grinding the seeds.

The cocoa plant had been revered by the

Aztecs since the 14th century. Cocoa was holy and seen as a gift of the god Quetzalcoatl. However, cocoa beans were not only used as a sacrificial offering, but also as currency and an ingredient in a spicy drink; a mixture of water, cocoa, maize, vanilla, cayenne pepper and a pinch of salt.

After conquering Mexico and the Aztecs in 1519, the Spanish conquistadors soon realised that they had discovered 'brown gold'. When the Spanish adventurers looted the

treasure chambers of Montezuma II, the last Aztec Emperor, they found 1,250 tons of cocoa beans which had supposedly been accrued from taxes levied to support the cocoa bean currency.^[6]

Cocoa - A touch of luxury

Theobroma Cacao L.

Petits Fours

with cocoa cream
extra tasty - extra long →

50 g of icing sugar
125 g of soft butter
3 vanilla beans

125 g of flour
3 tbs. of cocoa powder

Preheat the oven to 175°.

Put
in a bowl. Add
and the pod seeds of
and mix until creamy.

Mix
with
and stir with the cream.
Roll the mixture into balls.

Tip

[Roll the mixture into two strips of equal length with a diameter of approx. 1 cm and then cut it into 1 cm rounds. Then roll these rounds into balls and press flat.]

Place the flat balls on 2 baking trays and bake one after the other for approx. 10 minutes. Allow the petits fours to cool down.

For the filling
1 ½ leaves of white gelatine

75 g of icing sugar
30 g of cocoa powder
75 g of soft butter

3 tbs. of cocoa liquor

Soak
in cold water.

Mix
with
and
until creamy.

In a saucepan, heat up
and dissolve the drained gelatine in it.
Use a teaspoon to stir in the cream.
Spoon the cocoa cream into an icing bag
and pipe onto one half of the petits fours.
Then place the remaining halves on top and
press down gently.

cocoa powder

mocca bean

Dust the petits fours with
and finish each one with a little cocoa cream
and a

Tip

gold leaf

If you wish to serve your guests something extra special, decorate the mocca beans with edible
before placing them on top of the petits fours.

[Edible gold leaf can be purchased in hobby shops or via the Internet]

The Witex product catalogue contains further accessories from the Witex range: Aluminium profiles, underlay materials, installation tools as well as cleaning, care and protection products.

ariosa

-  Narrow, extra-long laminate panel with four-sided v-groove (V4)
-  Surface structures matched to the wood decors – synchronous pore
-  Laminate panel suitable for damp rooms thanks to the Aqua-Protect System
-  Suitable for laying on underfloor heating | suitable for use with castors | immune to stains
-  Can be laid with the Sound-Protect acoustic system

TECHNICAL INFORMATION

Glueless installation:	LocTec Pro	
Decor surface:	1845 mm × 188 mm	
Element thickness:	12 mm	
Elements per pack:	4 Elements 1,39 m ² 15 kg	
Packs per pallet:	56 Packs 77,84 m ² 840 kg	
Surface :	textured wooden pore with chrome finish four-sided v-groove (V4)	
Coreboard:	Aqua-Protect® for use in moisture-prone areas	
Resistance to abrasion:	AC5 (EN 13329, Appendix E)	
Behaviour in case of fire:	B1 Cfl s1 (DIN 4102 T1 EN 13501-1)	
Anti-slip properties:	DS (μ ≥ 0.3) (EN 13893 EN 14041)	
Formaldehyde emission:	E1 (DIN EN 14041)	
Heat conduction:	R= 0,0885 (m ² K)/W (DIN EN 12667)	
Stain resistance of the top layer:	EN 438-2 Group 1 + 2: ≥ Level 5 Group 3: ≥ Level 4	
Wear class for private areas:	23 heavy domestic use (DIN EN 13329)	
Wear class for commercial areas:	33 heavy commercial use (DIN EN 13329)	
Guarantee for private areas:	15 years for abrasion, UV resistance, immunity to staining and product stability	
Guarantee for commercial areas:	5 years	
Running period for the collection:	2012
